Dear Mr. Tolen:

Re: Modification Request for
NPDES General Permit No. ING040062
IDNR Permit Nos. S-287
Peabody Midwest Mining, LLC- Farmersburg Mine
5526 East French Drive
Pimento, Indiana
Sullivan County

Your NPDES permit Notice of Intent application received June 21, 2010, requesting modification of the above-referenced permit has been reviewed. The submittal requested that coverage be granted for new alkaline Outfalls 043 (latitude 39°, 16', 02", longitude 87°, 22', 01") discharging to West Fork Busseron Creek. It also requested the removal of Outfall 005 (latitude 39°, 17', 58", longitude 87°, 21', 41") and Outfall 014 (latitude 39°, 17', 53", longitude 87°, 21', 41") both discharging to Turman Creek. The request has been processed in accordance with Section 402 and 405 of the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251, et seq.), and IDEM's permitting authority under IC 13-15. Our office has determined that the addition of the new outfall will not affect Peabody Midwest Mining, LLC's Farmersburg Mine's eligibility for coverage under the general permit rules outlined in 327 IAC 15-1 through 15-4 and 327 IAC 15-7, Facilities Engaged in Mining of Coal, Coal Processing, and Reclamation Activities, nor will the additional outfall points affect the site's ability to meet the reporting requirements. Also representatives of the INDR in Jasonville have verified that Outfalls 005 and 014 have been removed. Therefore your petitions to amend your permit coverage as is described above has been approved in accordance with Indiana Rules promulgated under 327 IAC 15-7. Coverage for the facility will now include all outfalls listed on the first table of Attachment 1 to this correspondence.

The NPDES general permit identification number assigned to this facility in the previous approval will continue to apply, as will all other testing and reporting that are required under 327 IAC 15-7 using the forms that were sent to you previously. Additional forms are attached to this letter for use with these new outfalls. You should duplicate them as needed. Should you need additional copies of this form it is also available on the internet at the following web site:

<http://www.in.gov/idem/5104.htm>

327 IAC 15-7 is also available on the internet at the following website:

<http://www.in.gov/idem/4087.htm>

Additionally, you will continue to receive the computer generated preprinted federal NPDES DMR forms. Both the state and federal forms need to be completed and submitted on a routine basis. If you do not receive the preprinted DMR forms in a timely manner, please call this office at 317-232-8670.

These modifications shall become effective on **September 1, 2010**, unless a person aggrieved or adversely affected by the acceptance appeals this decision. Coverage under 327 IAC 15-7 for all remaining outfalls remains effective, and will expire on **November 30, 2014**. In order to receive authorization to discharge beyond the date of expiration, the permittee shall submit such information and forms as required by the Indiana Department of Environmental Management no later than ninety (90) days prior to the date of expiration.

Please note that any person who is adversely affected or aggrieved by approval under the cited NPDES general permit rule may, within eighteen (18) days from the mailing date of this notification, appeal this acceptance by filing a written petition for administrative review with the Office of Environmental Adjudication, in accordance with IC 4-21.5-3-7. This petition constitutes a request for an adjudicatory hearing. The procedure for appeal is outlined in more detail on the attached page.

The Office of Environmental Adjudication will provide parties who request review of this approval with notice of prehearing conferences, preliminary hearings, hearing, and stays or orders disposing of all proceedings. Nonparties may receive such notices without intervening and formally becoming parties in the proceeding by requesting copies of such notices from the Office of Environmental Adjudication.

If you have any questions regarding this letter, please contact Ms. Sheri L. Jordan of our office at (317) 232-8703.

Sincerely,

Catherine Hess, Chief
